Second Edition

Counselling Skills for Managers

Kavita Singh

Information on book consulting skills for managers Book summary: exhaustive pressure on work, unmanageable deadlines and excessive work schedules, often lead a manager to a situation where he fails to perform his potential. At that point, counselling becomes mandatory for mental healing and positive prospects. In the second edition, the book continues to focus on counselling concepts by deepening closing and follow-up issues, discussing while discussing counselling procedures. The concept of Rebt (rational emotional behavioral therapy) has been examined to help consultants improve or improve customer behavior through consulting. During the discussion of the organizational application of consulting skills, a detailed analysis that deals with customers in crisis and trauma was deliberate, which has a great relevance in today's challenging environment. In addition, a section has been specifically devoted to counselling on women, as they must meet different types of problems in both personal and professional life. In the chapter, a complete model of ethical decision-making, ethics in counseling was added. The book is designed for post-graduate management and organizational psychology students. In addition, the book will also be useful for managers and practitioners. Summary: Introduction to counselling approaches to counselling objectives The consultancy process Consultation procedures Counselling skills Ability Role Conflicts in counselling that changes behaviors through the organizational application of counselling skills that deal with alcoholism subordinate to performance management and other substance abuse ethics in the advice Exercises, cases and role play references olraf olraf a ceisir non iuc ni ,enoizautis anu a reganam nu onatrop osseps ,itasserts oroval id immargorp e ilibitsegni eznedacs ,evituae oroval lus inoisserp upto his/her potential. At that point of time, counselling becomes mandatory for mental healing and positive outlook. In the second edition, the book continues to focus on counselling concepts by delving on the issues of termination and follow-up, while discussing Counselling Procedures. The concept of REBT (Rational Emotive Behavioural Therapy) has been examined to help the counsellors improve or enhance the behaviour of clients through counselling. While discussing organizational application of counselling skills, a detailed analysis dealing with clients in crisis and trauma has been deliberated, that has a great relevance in today's challenging environment. Further, a section has been specifically devoted to counselling Women, as they have to encounter different kinds of issues in both personal and professional lives. A comprehensive model of ethical decision-making has been added into the chapter, eAAAEthics in CounsellingAAA.The book is designed for the postgraduate students of management and organizational psychology. Besides, the book will also be useful for the practising managers and counsellors.
