Continued from page 1. Each afternoon we have a dedicated RED Zone, where we see any patient who has respiratory symptoms (cough/runny nose, sore throat, fevers, muscle aches, headache, cough, phlegm, chest pains, diarrhoea). These patients will have a dedicated appointment time for either a swab or consultation and will access the RED Zone via the front doors.

In the afternoons, when the red zone is active, patients without respiratory tract infection symptoms will still have the opportunity to be seen by the medical staff but they will have to use the back door to gain entry to the medical centre. You will be advised of this by the administration staff when you make or are given your appointment. If you do turn up to the front door of the medical centre during this time you will be redirected to the back door. This is to ensure your safety.

Telehealth Options: We have a range of options available for you to connect with your doctor or nurse. This can be through secure email, via the patient portal, or over the phone. Why Telehealth? Telehealth allows you to continue to consult with your health professional while making it easy and more time efficient for you. Kāhore taku toa i te toa takitahi, he toa takitini. We cannot succeed without the support of those around us.

BREAST SCREENING. BreastScreen Whangamata. Early detection is your best protection. 3 - 28 August 2020. Location: Council car park, Port Road behind the Information Centre. 0800 270 200.
