Simile is a comparison using like or as. It usually compares two unlike subjects.

Example: The thunder was as loud as fireworks. Thunder and fireworks are being compared.

Metaphor states that one thing is something else. It is a comparison, but does NOT use like or as to make the comparison.

Example: The sun was a furnace. Sun and furnace are being compared.

Personification is giving human qualities, feelings, actions, or characteristics to inanimate (not living) objects.

Example: The house stared at me with lauring eyes. The verb stared is a human action. A house is a non-living object. Therefore, we have a good example of personification.
